## A Word From The President

The Hockey Chronicle tells a story of a team in January 1905 – a hockey club from Dawson City, Yukon Canada, challenged the Ottawa Silver Seven for the Stanley Cup. To get to Ottawa, the Yukon Territory team traveled 4,000 miles – by ship, train, and even dogsled. Dawson City lost the Stanley Cup series, but it just goes to show what men have done in the quest of the Stanley Cup, the Holy Grail of Hockey.

I have been involved in hockey for many years back home in Canada and for the past 20 years in Ft. Wayne – as a Skating Instructor, Coach, President of the Youth Program and President of High School Hockey for 2 terms in the last 6 years. It was not the Stanley Cup, but so many of us have spent thousands of hours and drove hundreds of miles to be part of a great game to see our children grow in the sport and experience life lessons.

I did not travel 4,000 miles by dogsled or train, but it has been a never ending love affair with administrating rules and regulations over two decades of two Associations along with coaching this mayhem on the ice. I have seen the excitement and spirit that the games puts in people's lives and how it can drive them to complete character changes. The mild-mannered become the tigers. The placid become physical. The complacent become driven and possessed. I know! I have been there! It has been the love of hockey that has driven me.

All of this crazy mayhem is only possible by so many volunteers at every level from Players, Parents, Coaches, and Officials – on ice and off. This is my last year of being involved in hockey in our community. I want to thank so many folks for being part of this experience. None of this would be possible without so many of you being there through all of this poetry on ice – it is fun and exciting game. I want to thank a select few for their trust, confidence and dedication – they know who they are.

We need people to step up and volunteer to carry the torch for next year and many years to come. Not everyone can sit on the side lines. Please get involved and help continue to create a platform for our children to be able to play in this great game.

To all those volunteers involved – thank you,

- Ron Bulloch

# Fort Wayne Area High School Hockey Association

Fort Wayne Area High School Hockey Association (FWAHSOA) is a **non-profit** organization that provides local high school athletes with an opportunity to play competitive hockey in a local league, as well as state competitions. The association promotes the education of Indiana high school athletes about the sport of hockey, its technical fundamentals, and the importance of team interaction.

## Values

- To experience personal enjoyment, satisfaction, and confidence from personal and team achievements.
- To learn, develop, and refine the fundamental skills of hockey.
- To blend individuals and their skills into successful team play.
- To demonstrate good sportsmanship in victory and defeat.
- To encourage good effort, team spirit, and responsible behavior.

#### Coaches

Rick Wynn (HC) Jeff Scott Doug Bonecutter Caid Blessing Steve Janiszewski

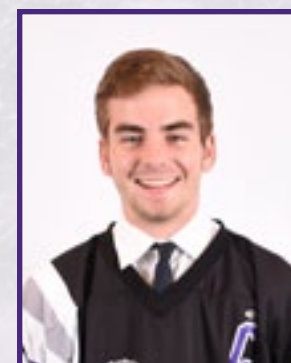

#### Matthew Janiszewski

Matthew first started skating when he was three years old. He started out in the House Initiation Program. He has played league and travel hockey. Matthew attends Leo High School. He has played hockey for three years at Leo. He was a member of the 2014 4A ISHSHA State Championship team as well as FWHS League and a playoff Championship Team. After High School Matthew would like to study computer technology, he is undecided what college he will attend.

#### Rory Scott

Rory Scott has been a team member of the Leo Hockey Club for the last three years. Rory was born in Kentucky and has lived in Illinois, Michigan, Alberta, and Indiana. He started his hockey career when he was three years old in Alpena, Michigan, then moving to Fort Wayne participated in the initiation program with several of the kids he now plays with today in the Fort Wayne High School Hockey League. When his family moved to Canmore, Alberta, he continued to play hockey as a member of the Canmore Icecats and Edge Wolfpack. Rory was a member of teams that played in Provisional Finals, winners of the Central Alberta Hockey League, and a team that played in the Alberta Winter Games in 2010. Then moving back with his family to Detroit, MI and playing for the 98 Troy Sting, which won a Little Creasers Championship. After moving back to Fort Wayne area in 2013 Rory has attended the Leo High School, and was a member of the 2013-2014 4A high school Champion Leo Loins. Rory has aspirations to continue to play hockey after high school and will attend college in the future with a desire to become a Attorney.

#### Blake Kem

Blake has been playing hockey since he was five years old. He has been a defenseman with Leo the past four years and is currently Leo Team captain. Blake was a member of the 2014 4A IHSAA State Championship Team as well as FWHS League and Playoff Championship Team. Blake works as hard as anyone in practice and games often sacrificing his body to block shots. He leads by example and is an asset in the Locker room.

Blake attends Leo High School and will be graduating with top honors. He had the unique opportunity to study abroad this past summer in Leon, Spain through Indiana University's Honors Program.

In the fall, Blake plans to attend college double majoring in architecture and Spanish.

### Drew Wynn

Drew attended Concordia High School his freshman through junior years. He is being Home schooled his senior year as part of The Keystone Academy.

Drew has been a four year player for Leo. He was a part of the 2013-2014 Leo Team that won the 2014 City Championship, The 2014 Memorial Cup as City Playoff champions as well as the 2014 4A Indiana State Championship. Drew was a Second Team All-City selection in 2014-2015 season and finished among the top five in the league in scoring. Drew has been a member of Team Indiana AAA hockey all State team the past two years as well as The Fort Wayne AWP Select program. Drew works very hard every day to improve his hockey skills. He is also great leader in the locker room.

Drew plans to play junior hockey for the next couple years with the hopes to play hockey at the collegiate level.

### Lexi Grunden

Lexi started playing hockey at the age of three after watching her brother, Tyler. She played Komets boys travel hockey through Bantam AA and girls AAA hockey with Pittsburgh for six years and finished third in Nationals twice. She also played for a Canadian team in European and North American tournaments. Lexi's physical play and game sense caught the attention of a Minnesota hockey prep academy where she ultimately played for the past two and half years. Having committed to play college hockey at Adrian College, Lexi returned home to finish her senior season with Leo. She will major in pre-med at Adrian and would like to be a pediatrician.

### Jacob Kucharski

Perseverance is the first word that definitely comes to mind when I think of Jacob Kucharski. Overcoming a multitude of injuries and setbacks throughout his playing career, Jacob was named our team captain for his senior year. Certainly not the flashiest guy in the league, Jacob will often do the toughest of tasks - constantly finish his checks, playing positionally sound hockey, and blocking shots - every shift with pride and honor. I know you have been a source of inspiration for your younger siblings, but also for the Band of Brothers you are a part of with the Saint's hockey team! All of us figure some type of police or military work is in your future and any group that is lucky enough to acquire you will be very proud that you are on their side! Stay safe and whichever path you go down we know you will always do your best!

### Joey Robertson

I have had the privilege of coaching "Robo," as he is affectionately known around our team, for the last three seasons. Joey is easily the hardest working, most fearless competitor that I have ever seen. His energy, excitement, and work-ethic have been inspiring our players to work harder than ever over the course of his career at Bishop Dwenger. Due to that work ethic, he was named our team captain his junior year. He excelled at that position and helped to develop, teach, and challenge our younger players to get better. As one of our assistant captains this season, that work has paid off, as Robo is now one of the league leaders in points and is a teammate that all of our other players rally around. Joey is looking to continue his playing career - hopefully somewhere close to home, but is also looking to pursue a degree in engineering at several prestigious universities in the Midwest region.

### Jake Pecoraro

"Pecs" has always been a highly motivated and hard-working member of the Dwenger hockey team. Never settling for second best, Jake is often the guy instigating competitions between himself and the rest of his teammates. All in good fun though as Jake has continued to work with and help out the younger guys on the team, especially during his Junior year as the leading scorer on our team. A two year assistant captain, Jake has consistently been a player all of his teammates look up to. His work ethic has continued to impress as Pecs has gotten faster and stronger on the ice as each season has passed. Jake will continue to be relied upon down the stretch of the season. Jake hopes to continue playing hockey at the next level - having received interest from several local teams and hopefully from several more as the season progresses!

### Frank Centlivre

This season, we have been saddened by the sudden loss of our only true upper classman defensemen in the person of Frank Centlivre. All of your brothers and family on the Bishop Dwenger hockey team continue to pray and wish for your health and well-being. Despite the multitude of concussions, you have always brought heart, passion, and true love of the game with you to every practice and game you have been a part of. Your continued presence at the rink has been an inspiration and rally for your teammates and you will make a great mentor and coach someday as that passion is already beginning in you. We know you will have great success at wherever you end up Franky and we wish you all the best in whatever path you pursue next as you continue to look at getting into some of the top universities across the country.

### Brandon Zink

Brandon has been an invaluable asset to the Bishop Dwenger family since we acquired him through the draft his junior year. It can be tough fitting in on a new team and with a new bunch of guys, but Zinkers made that transition seamlessly. Brandon has always challenged our guys to get better, especially when they shoot against him in practices. Brandon has always been up for a new challenge and I would expect that to continue at whatever university he ends up at, especially when he continues his interest into business, economics, and statistics. We can only wish you the best of luck Brandon in your future endeavors and hopefully some of the lessons you have learned as a Saint carry on with you!

#### Noah Sawvel

Noah's growth this season has been incredible and he has doubled his efforts in practice and takes the coaching he receives to heart and he is going to be highly successful in the future. The coaching staff is very pleased with where he is in the first quarter of the season and look forward to where he will be in the end. We have very high expectations for Noah this year and know that he will deliver. His dedication to the team can be seen both on and off the ice. Noah has been an intrical part of the development of our freshman defensive class and they will benefit long after Noah graduates.

#### Dylan Campbell

Dylan is the emotional leader of the team. His dedication to the team's success is unquestioned and he has the ability to be the inspirational leader both on and off the ice. The coaching staff is excited to see his improvement this season and believe that he could be the key to the success of the team. Dylan is unquestionably supportive of his teammates and continually pushes them to be their best. Dylan's effort in games is outmatched only by his effort in practice. We know that he will be successful in whatever path he chooses in the future.

#### Bradley Boyer

Bradley's ability to overcome adversity is evident to say the least. His will to come back to the team after an injury that would sideline a lesser person is inspiring. Bradley is always willing to put the team's need above his own. He is a team player through and through and is first to admit when he could have done something better. Always trying to improve, Bradley has been a great teammate and student of the game. His openness and honesty allows the coaching staff to put him in situations that will allow him to do his best. Whether its off-road racing, hockey or another sport, Bradley will be successful in the future.

#### Brendan Osten

Brendan's unique physical presence on the ice gets him noticed, not only by the other team, but the officials as well. Soft spoken, he is often looked up to by underclassmen for his protection. Every player on the team knows that he will defend them without hesitation. This year, Brendan has focused on his on ice play with great determination and it is showing on the score sheet. His determination and ability on the ice is contagious and his teammates are better for it. Brendan can be counted on to give his all day in and day out, in both games and practices and his effort is appreciated by the coaching staff.

### John Ault

John is the driving force behind the team. He leads by example and brings his teammates with him. He leads by example in all aspects and holds himself accountable to the team. His commitment to the team is unquestionable and he's not afraid to get dirty. John makes his presence known in the locker room and is continually asking the coaching staff what he can do to make the team better. He takes criticism to heart and learns from his mistakes. John is a four year veteran that uses his previous experience with the team to lead by example, while working with the new members of the team to make sure they are welcome. John will be successful in whatever path he chooses in the future.

### Ethan Mitchell

Ethan brings to our team a unique ability to lead without speaking. From his first day this season, he has earned the respect of his teammate by his example both on and off the ice. He pushes himself to the limit while supporting his teammate's success. Ethan continually exceeds the coaching staff's expectations and will only be limited by his own boundaries. I fully expect great things to come from him both this season and beyond. The coaching staff is grateful for his dedication to the team and his willingness to give his all day in and day out.

### Manny Ritchie

Manny joined the team last year as one of the first organized teams he had ever been a part of. From day one, the coaching staff knew he would be special. His heart and dedication were evident from the first practice, and he even got his first goal in his first game. I, as head coach, had to keep an eye on him all the time. I remember at practice last season, he came walking (more like hobbling) into the rink with his bag and sticks in tow. I asked him what was wrong and he replied that he banged up his knee in football. Turns out that he had sprang a ligament in his knee, but that was Manny. He sucked it up and played his heart out every game. His heart and will to succeed will take him far in life and we were honored to have him on the team. Unfortunately, he was unable to finish the season due to injuries, but he will always be a Bruin. Manny, I'll lace them up for you anytime!

The coaching staff would like to thank the senior's of the team for their efforts to learn, grow and develop the future leaders in the organization. We believe that their contribution to the future of the organization will be seen for years to come and look forward to seeing the success that they deserve. We are honored to have had such a great senior class as a part of this season. Thank you.

**Not Pictured:** Olivier Legault (HC), Todd Ramsey (AC) and Michael Fortmeyer

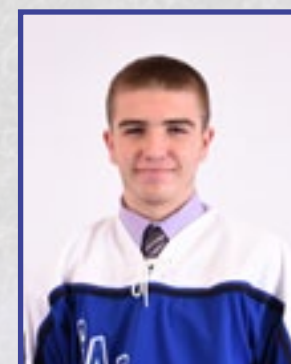

### Michael Fortmeyer

Michael Fortmeyer joined Carroll his freshman year and then left to play in juniors. He came back for his senior year. We are happy to have him back playing for Carroll. Knowing that Fortmeyer, or "Forty" to his friends, is playing defense while you're on the ice gives you confidence about your defensive line. The offense can count on getting a good pass from Forty. Forty is always the first person to have a positive comment to other players and is a great asset to the team unity. Being very committed to his team and his church, Micheal Fortmeyer has a great love for the game and it always shows in his attitude. I want thank you for everything and I am glad to have met you. I wish you all the best in your future endeavors.

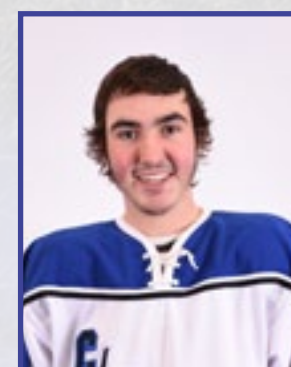

### Tyler Van Der Weele

Tyler Van Der Weele know only as "Vandy" to the team, is a silent leader. He leads by example on and off the ice. His stay at home attitude on defense is a great attribute to the team, you can always count on Vandy to be where he should be on the ice. One of the funny things about Vandy is he has been keeping a tape ball in his hockey bag since he was a mite. This tape is from his shin pads from every game he has ever played. By now I think it is rumored that it is about the size of a bowling ball and must weigh at least 15 pounds. I hope you achieve everything you set out for and maybe I will see you one day on one of those singing shows on tv! Thanks for everything and best of luck.

### Camden Whitney

Camden Whitney has been on the Carroll team for his junior and senior year. After not playing for a year his friends convinced him to come back to the game. I am very glad that he did. Cam does whatever it takes for the good of the team. He has the best attitude and always leads by his positive example. He is truly the definition of a team player, always putting the team's needs above his own. His incredible work ethic shows by how he plays the game, he is always giving 100%. The team appreciates how he evaluates the games and is willing to go the extra mile to help the team improve. Cam is currently interning with the Fort Wayne Komets and has a bright future there if he decides to pursue it. I know Cam will succeed in whichever path he chooses in life, and if his hockey career does not work out I know he can always get a job being the Tim Horton's mascot! Seriously though, I want to thank Mr. Whitney for his contribution to the team, on and off the ice. His attitude and commitment will take him far in life. I wish him the best of luck.

### Trevor Houlihan

Trevor Houlihan has played with the Carroll team since his freshman year. He is known as "Houlie" to everyone on the team. A true asset to the team, Trevor's four years of work have paid off as he is having his best season as a senior. He is an offensive powerhouse with great speed and agility. His teammates can always count on him for his skills and toughness on the ice. His humor has always kept the locker room fun. His work ethic, diligence, determination, and perseverance, will get him anywhere he wants in life. Thank you for bringing those qualities to the team and for all of your hard work. Best of luck in the future.

### Thomas Losher

Not only did Homestead lose a quality player and a outstanding individual with Thomas season ending ACL injury but all of Ft. Wayne hockey lost in the opportunity to watch a gifted hockey player play his senior season. Thomas, a captain is undoubtedly the smartest hockey player I have ever coached.

Thomas has narrowed his college choices down to Northwestern, Tulane, George Washington and IU.

### Jimmy Ropoza

Jimmy is a senior captain who fills the role of being captain better than any body. He knows that the role of being captain goes beyond just what you do on the ice. He is a top line player for us who is personally enjoying a very successful season.

Jimmy plans on attending Purdue University in West Lafayette to study engineering.

**Not Pictured:** Sal Eriotes

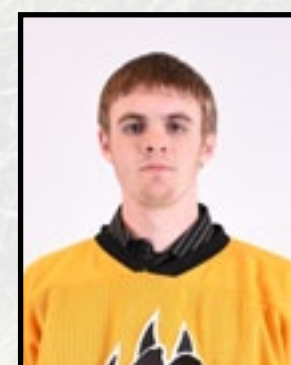

#### Dakota Stilwell

Dakota is a senior at Eagle Tech Academy in Columbia City. He joined the Summit City Panthers as a sophomore after playing one year of YHL. Dakota's hard work and leadership skills has earned him team captain. He also plays on the AWP Elite Hockey U18 team. In his spare time, Dakota enjoys stick handling, trapping and a part-time job. His passion is hockey, and he hopes to take it to the next level.

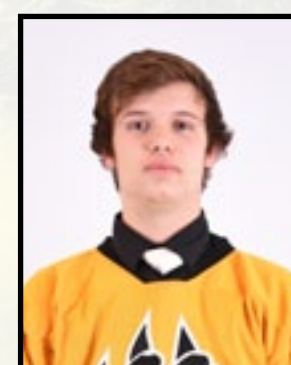

#### Matt Thornson

Matt has played defense for four years with the Summit City Panthers. He's the second of three Thornson brothers who have played for the Panthers, following in the footsteps of older brother Ian and playing alongside younger brother Joe. He is a tight end on Snider's 2015 State Champion football team, also plays on the Panther lacrosse team. Matt has a 3.96 grade point average and is a member of the National Honor Society. He is considering pre-medicine in college and looking at a number of schools, hoping to play college football as well.

#### Alex Tarr

Alex's first time on the ice was at 18 months. He started the initiation hockey program at age three and made his first travel team at the age of six. Although he played baseball for years, hockey ultimately won out. Alex plays on both Summit City (Snider) and AWP Elite U18. He plans to play junior hockey after graduation and then attending college after that. Alex started out as a winger and then was moved to defense, and now plays both positions. He has been fortunate in being able to participate in Silver Stick Finals four times, USA Hockey Nationals, and was a member of the Indiana High School State Championship team last season.

#### Garrett Shanebrook

Garrett has spent the last four seasons with the Summit City Panthers playing forward. Garrett attends New Haven High School and is also part of the Momentum Youth Group. After high school Garrett is considering going into physical therapy or law enforcement. He also hopes to continue to play hockey at the next level.

Sal Eritoes

This is Sal's first year with the Summit City Panthers. He has played multiple sports throughout high school including Diving, Swimming, and Ultimate Frisbee. Since moving to Indiana a couple of years ago, he has been able to get back into hockey, which is the sport he has the most passion for. He is going to study Nursing in college and looking at multiple schools.

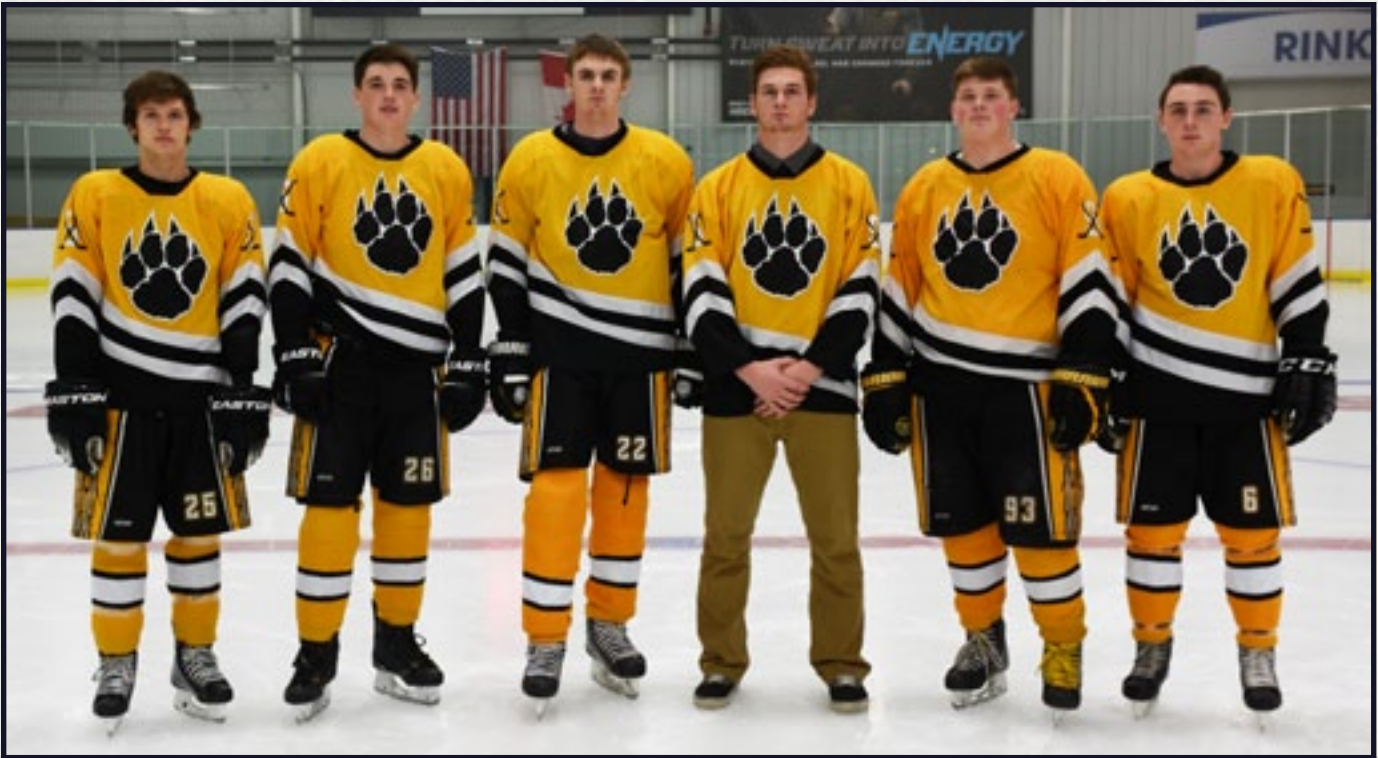

Chase Ferrell

Chase has played for The Summit City Panthers for four years. He was chosen to be assistant captain his senior year. He plans to attend IPFW in the fall for Criminal Justice. We have enjoyed watching him grow as a player over the last 14 years and becoming a team leader his senior year. We couldn't be more proud of him and his accomplishments.

Connor Matson

Connor Matson is a senior at Bishop Dwenger High School. He is a forward for the Summit City Panthers and holds the title of Alternate Captain. Connor began playing hockey at age three alongside his five year old brother Alec, a former Panther. With his brother, Connor has played for various travel teams throughout his life and has always held a deep love for the game. Connor is considering Indiana University and Ball State University to pursue a degree in multimedia and hopes to continue to play hockey as a club sport.
