A Word From The President

The Fort Wayne High School Hockey Association is made up of six clubs and encompasses over 120 high school athletes who play in our local area and around the state against 25 other high school teams.

We are proud of all of our student athletes who take the sport to its highest level each week of the season. Our association has grown to become the premiere organization in the state because of the strong leadership of our volunteer board of directors, in partnership with our dedicated coaches, parents and students.

Our goals as an association are simple; to promote the sport of hockey, academics, sportsmanship and to encourage play at the highest level for our high school club teams.

We also raise thousands of dollars each year to off-set expensive ice time costs our hockey club families must pay. We are privileged to play at one of the premiere ice arenas in the country (Lutheran Health SportsCenter).

As we strive to recruit more and more high caliber student athletes, fundraising and awareness campaigns are crucial. Thank you for your support of Fort Wayne High School Hockey.

Austin Bolinger

Austin Bolinger has been one of the most versatile players on the Leo Hockey Team. He has been able to play every forward and defense position which is a coach's dream. He was a forward on Leo's 2012 State Championship team and is one of our steadiest defensemen. He will play where ever he is needed and has a passion for the game.

Chase Byerly

Chase Byerly has been a top goaltender in Fort Wayne High School Hockey for four years. During the 2012 3A State Championships, Chase was the deciding factor for Leo claiming the championship. Chase has the mental toughness and positive attitude to play this demanding and important position. He is also an accomplished lacrosse player which has earned him a college scholarship.

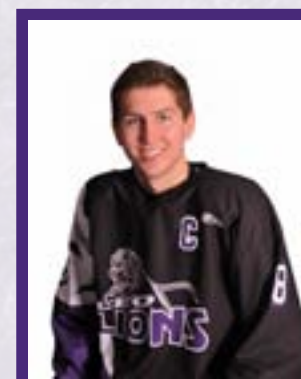

Jordan Holle

Jordan Holle is in his 4th season of Leo Hockey. Jordan attends New Haven High School where he also letters in football. Jordan is a kid who really works hard and is a valuable asset on the ice as well as a great leader in the locker room. Jordan takes pride in his defensive parts of the game and is always ready to play hard when it is his turn to take a shift. He is always positive and upbeat and does whatever the coaching staff asks of him without any questions.

Scott Jacoby

Scott Jacoby has been the captain for the last three seasons. He captained the team to the 3A State Championship in 2012. Scott also plays for the U-18 Phantom team and Team Indiana. Coach Dan Schiebal says, "Scott plays with great passion for the sport and leads by example."

Nick Janiszewski

Nick Janiszewski played the last 3 years with Carroll High School where he played with his older brother Dylan before Leo High School had a hockey club. Nick decided to finish his senior season with Leo High School. Nick has finished in the top ten in scoring the past two years and is one of the top scorers in the FWSHA again this year. Nick is a hard worker and his outgoing personality and leadership has been a welcome asset to the Leo Hockey Team.

Adam Schaffer

Adam Schaffer is one of Leo's two alternative captains. Attending high school in Defiance, Ohio he was a member of the 2013 state championship baseball team. His defensive strength is one of the big reasons for Leo's success this year.

Daniel Watson

Daniel began playing house league hockey when he was in the 7th grade. He was drafted by the Leo Hockey Team when he was a sophomore at Wayne High School where he is an academic honors student. Daniel is known for his hard shot. He is also playing on the U 18 Phantom Team and plans to attend IU and major in Business.

Tyler Grunden

Tyler began hockey at the age of three. He played travel hockey at the forward and defense positions before joining Leo as a freshman. Tyler has been one of Leo's top scorers the past two seasons and is continuing that trend this year. His leadership on and off the ice are recognized as he is an assistant captain for the past two seasons. Tyler plans to attend IU and study pre-med with aspirations to become a doctor.

Justin Erman

“Erm” you are a tremendously talented player. We’re very excited that there is interest in your skills at the next level. Your ability to re-wire any locker room for stereo phonics is impressive. Thank you for your willingness to also play any position we need you for.

Spencer Gillig

“Spence” you are one the most talented centers I have coached or seen play in a long time. Your skill level is recognized by your peers and opposing coaches everywhere we go. You could easily play at the next level, however, we know you are just as talented at golf. It’s nice to have options and you are blessed to have many. Enjoy the choices and path you take.

Nick Hartley

“Hart” you have been a great addition to our team. We appreciate your willingness to play any position without complaint. You are a true utility player for us and we are blown away with your physical fitness and strength. You are a great teammate.

Matt Kuyvenhoven

“Kyvy” You have become a tremendous leader as our captain, you are one of a kind and we will miss your humor, energy and fashion sense. You are an all-state defenseman for team Indiana and someone we can always count on to deliver when we need it. You have a bright future playing at the next level. Thanks for all your efforts and contributions to Bishop Dwenger Hockey.

Justin Richardson

"Richy" you are a tremendous scrappy, fearless and tough player. You have brought a lot of grit to our team over the years and your skills have made you an invaluable asset to our team. Your dedication and ability to rebound from setbacks is inspiring. It will be fun to watch you play at the next level.

Tyler Sather

Son this journey began 16 years ago when I put skates on your feet and wanted you to feel the cold wind in your face and the speed of the ice under your little feet as I held you under your arms in front of me. Now you're 6'3" tall and one of the best goalies in the state and you're being looked at by college and junior teams. Bishop Dwenger Hockey's success has always come down to you "the last line of defense" we go as you go. Your leadership and contributions to our team for 4 years are tremendous. Thanks for all your efforts and the timeless memories you have given us! Have fun playing at the next level next year.

Sam Stratton

"Sammy" nothing made us happier than to hear of your return to our team this season after taking a season off. You are the "Energizer Bunny" on our team. No matter how hard you get hit, you always get back up and go again. You have silently lead by example on our team and showed your teammates what toughness, selflessness and putting your team first means. Thank you for who you are and what you bring.

Austin Woods

"Woodsy" what a great addition you are to our team. You have brought an amazing amount of fun and energy and you are so good at keeping things loose in the locker room. You are a very tough player and always defend your teammates. Thanks for playing so hard all these years.

Good luck Saints, from your friends @ Premier Auto

Coaches

Alex Brown Ryan Cybulski Dustin Virag Jeff Warner

Front Row: Quentin Furney, Cole Meyer

Second Row: Tyler Van Der Weele, Austin Griffis, Trevor Houlihan, Logan Gottschalk, Jake Ramsey, Tom Irick, Justin Burge, Chase Warner

Third Row: Jeff Warner (Asst Coach), Alex Brown (Asst Coach), Brandon Schneider, Jack Martin, Bryan Jordan, Christian Sandberg, Brayden Schmitz, Connor Barney, Garret Leeper, Xavier Walden, Drew Cybulski, Dustin Virag (Head Coach)

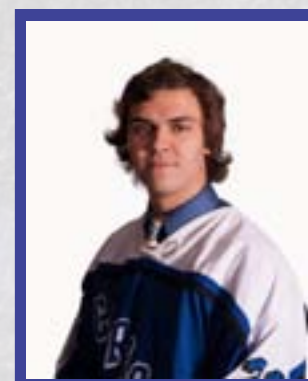

Connor Barney

Connor, Carroll Chargers team captain, leads by example and is one of the premier forwards in the league. We can depend on him anytime, anywhere – penalty kill, power play, even strength – he excels in all situations.

Justin Burge

Justin is a very versatile player. After playing forward for the two previous seasons, he has emerged this year as one of the strongest defensemen in the league. I enjoy Justin's work ethic – he is a hard worker and a very physical player.

Drew Cybulski

Drew is a third generation Carroll Charger hockey player and one of the hardest working players on the team. A key special teams player and leader in the dressing room, Drew is also responsible for significantly elevating the team's GPA.

Quentin Furney

Quentin is a new player for Carroll this year, and he is quickly becoming one of the most improved players on the team. Due to his skill and confidence, it's hard to believe he only picked up the goalie position a few years ago. He has become an asset to the team.

Logan Gottschalk

Logan, Carroll Chargers assistant captain, is one of the best players on the team and in the league. He plays all special teams, and his very vocal leadership style is motivating and key to team morale. There are very few players more dedicated than Logan.

Tom Irick

Tommy loves the game, which shows through both his skill as a right-winger and his motivating attitude. He is a true team player with one of the most deceptive wrist shots in the league.

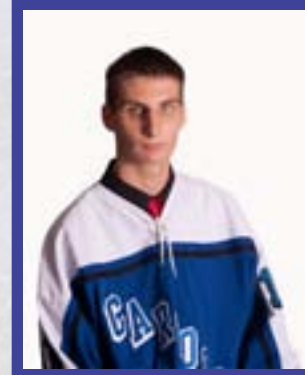

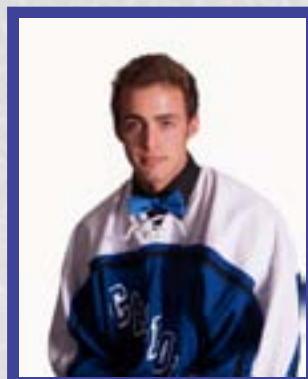

Bryan Jordan

Bryan is entering his fourth season as a Carroll Charger, and he is one of the most physical players in the league. This former "fine master" is a leader both on and off the ice.

Cole Meyer

Cole has been one of the best goalies in the league for the past two years. While it is unfortunate that he is no longer able to play this season, he remains an integral part of the team.

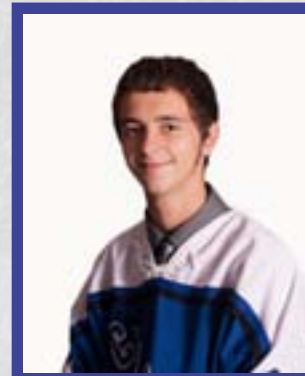

Brayden Schmitz

Brayden started the season injured but will be a key player in the back half of the season. His love for the game and dedication to the team shows at all times, and he is the first to lift team members' spirits during a tough game.

Brandon Schneider

Brandon is in his first year with the Carroll Chargers, joining with his younger brother Austin. Brandon is one of our top all-around players, excelling at both special teams and five on five, and even playing defense on occasion. Picking up Brandon this year has been a huge benefit for the team. Even after taking the past two years off from hockey, he has re-emerged as one of the key players in the league.

Chase Warner

Chase is an extremely hard worker and one of the premier penalty killers in the league. He has a strong, defensive style of play and his dedication to the team is evident through all actions and interactions.

Second Row: Kevin Baum, Rikky Stephens, Thomas Loshier, Cody Nice, Jeremy Scholten, Tyler Fix, Wyatt Berthold, Jared Phillippe

Taylor Amborn

Taylor has been a number one goalie for the past three years but he has had to always share his duties with other senior goalies. This year Taylor has pretty much carried the whole load for us and, as in the past, he is doing an outstanding job for us.

Wyatt Berthold

Wyatt has played a lot of high level hockey in his hockey career. Last year he played for the Cleveland Alliance, a triple A team in Ohio. Since this is his final year of high school hockey he has decided to play for his high school and we are glad he is. Wyatt brings a lot of skill and energy to the ice. He is the type of player that no coach wants to play against. He absolutely gives it his all when he is out there and leaves nothing to chance.

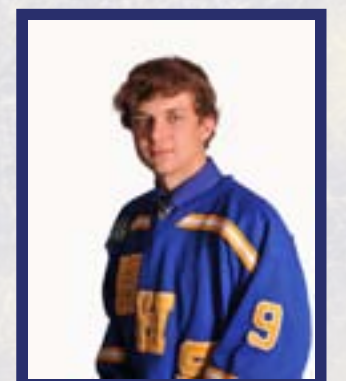

Zach Chess

Zach is one of our 2nd year captains. He brings a lot of size and skill to our team. He plays defense for us and can also be a power forward when he sets his mind to it. Zach is a very skilled player and it is realized by the fact he also plays for the Phantoms and Team Indiana.

Jay Conkling

Jay is a very gifted hockey player. He skates well and sees the ice and can put the puck in the net with the best of them. What sets Jay apart from the rest is that he does all of his hard work and scoring with little fan fare. He is just smooth with everything he does on the ice. He is one of our captains and he also plays for the Phantoms.

Skylar Garver

Skylar is one of those players that would do anything for his coach and his teammates to help win a hockey game. He is the true definition of a team player. He gives up his body constantly to either block shots or to hit somebody and when a teammate is in trouble he is the first one there to help out. He has a terrific snap shot and also plays for the Phantoms and is a very good student.

Andrew Haffner

This year I switched Andrew to offense after he has spent most of his career as a defenseman. He has taken the change in stride and has become our top scorer. He is a great kid to coach and he brings everything to the game, scoring, defense and can hit. He is a proven leader on the ice and in the locker room and that is why he also is a captain.

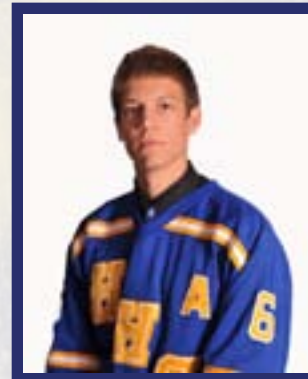

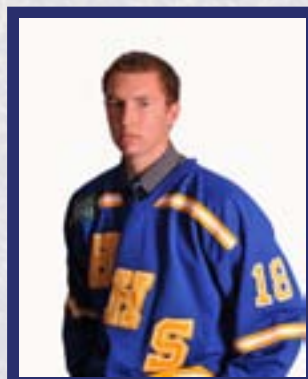

Alec Middleton

Alec has come a long way in his game and is a lot of fun to watch. He spent his first years in high school playing football for Homestead but after a couple of years he turned his full attention to hockey and it has been enjoyable watching him progress. He has speed and can put the puck in the net. Nobody and I mean nobody would be dumb enough to get in his way.

Rikky Stephens

Rikky is one of our top defensemen. He has come a long way since his first year. He is a great kid to coach and is always trying to take his game to the next level. Rikky has one of the hardest shots in the league and this year he has shown us he can snipe with the best of them. A good kid from a great family.

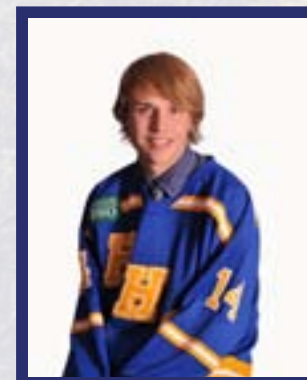

Elliott Sweazey

Elliott is one of our 2nd year captains this year because of his leadership skills on and off the ice. He is a very skilled player who plays defense for us but he can also push the puck up the ice. I have Elliott on the ice at all crucial times in a game because of his mindset and understanding of the game. He has been an "all city team" member and is a good student.

Nick Wybo

Nick comes to us for the first time this year and this being his senior year we are lucky to get the best of Nick. It is nice to have him on our side for a change so we don't have to play against him.

"This group of seniors will play a big part in our success this year but let's not leave any doubt that they also played a large part in all of our past championships. It has been a real pleasure to coach them and you couldn't ask for a better group of guys."

- Coach Van Gessel
